11:00 - 18:00 Registration  
14:15 - 14:30 Welcome and Opening by Liliana Schäfer (Frankfurt) & Frank Zaucke (Frankfurt)

Session I: PROTEIN SECRETION  
(Chairs: Rita Dreier (Münster) & N.N.)

14:30 - 15:00 Invited Lecture: Ishier Raote (Barcelona)  
TANGO1 in collagen secretion: function and dysfunction

15:00 – 15:45 3 Short talks selected from the abstracts

15:45 - 16:15 Coffee Break

### Session II: MUSKULOSKELETAL BIOLOGY

(Chairs: N.N.)

16:15 - 16:45 Invited Lecture: Qing-Jun Meng (Manchester)  
Circadian regulation of extracellular matrix homeostasis: implications in ageing and disease

16:45 - 17:30 3 Short talks selected from the abstracts

17:30 - 18:00 Coffee Break

18:00-19:00 **Keynote Lecture**  
**Shireen Lamandé, Melbourne**

Session V: DEVELOPMENT  
(Chairs: Susanne Grässel (Regensburg) & N.N.)

14:00 - 14:30 Invited Lecture: Didier Stainier (Bad Nauheim)  
Biological robustness: genetic compensation and transcriptional adaptation

14:30 - 15:15 3 Short talks selected from the abstracts

15:15 - 15:45 Coffee Break

### Session VI: CONNECTIVE TISSUE DISORDERS

(Chairs: Julia Etich (Cologne) & N.N.)

15:45 - 16:15 Invited Lecture: Sandra Pohl (Hamburg)  
Skeletal matrix degradation in lysosomal storage disorders

16:15 - 17:00 3 Short talks selected from the abstracts

17:00 – 17:10 Coffee break

17:10 - 18:30 Young Investigator Award Session  
(Chairs: N.N.)

17:10 - 18:30 Talks of selected candidates

18:30 - 19:30 Business Meeting of the German Society for Matrix Biology

20:00 - 00:00 Conference Dinner (Restaurant Dorade, Carl-von-Noorden-Platz 5, 60596 Frankfurt am Main)

#### Saturday, 10.09.2022

Session VII: CANCER  
(Chairs: Alexander Nyström (Freiburg) & N.N.)

09:00 - 9:30 Invited Lecture: Gertraud Orend (Straßburg)  
Tenascin-C orchestrating an immune suppressive tumor microenvironment

09:30 - 10:30 4 Short talks selected from the abstracts

10:30 - 11:00 Coffee Break

Session VIII: CLINICAL TRANSLATION  
(Chairs: N.N.)

11:00 - 11:30 Invited Lecture: N.N.  
11:30 - 12:15 3 Short talks selected from the abstracts
